FRANK E. HOWE, Editor and Publisher

The Banner does not want to make itself disagreeable by offensive crowing, but it is a satisfaction to be able to call to the attention of the readers of the paper that during the preliminary national and state campaigns which have been in progress and which ended yesterday they have been correctly informed of the real facts at all stages through the columns of the Banner. The Banner has doubtless erred in many details as newspapers always do, but the results of yesterday at Chicago and in this state demonstrate that through the campaign the Banner has gathered the facts as fully as a country paper can do and has presented them fairly and uncolored by prejudice. We are convinced that this will be more pleasing to the readers of the paper than to have it shine as a brilliant advocate of any one idea or faction.

An indication of the growing tendency in Vermont to inquire into labor conditions, with the ultimate purpose of exerting a powerful moral force toward relieving any injustice that may be found, is the adoption of a resolution by the Vermont Congressionalists at St. Albans this week, expressing sympathy with the needs of the workman. This will necessarily be slow and some workmen may be impatient, but the tendency is unmistakable and ought to be a matter of congratulation to all people not alone the ones directly interested.—Barre Times.

### NEW TIME TABLE

Will Go Into Effect at Local Station Next Sunday

The Rutland railroad has issued a new time table with summer schedule of trains which goes into effect next Sunday, June 21. Following are the changes which will take place in the the local station in the morning trains:

The 7:45 train will leave as usual but will carry passengers only for south. This train will arrive with passengers from north at 8:10 from Rutland, leaving there at 8:15. The morning trains for the north will leave at 8:15 (daily) and 11:10 returning respectively at 8:45 (daily) and 11:40.

Changes in the running time of the afternoon trains are as follows: The 12:10 train will leave for the south at 12:15. Instead of the 2:50 train two trains will be used. The one for the north will leave at 2:30 and arrive at 3 o'clock with passengers from the south. The train for the south will leave at 3:10 and return with passengers from the north at 3:45. On Sunday the evening train for Troy will leave at 8:40 instead of 7:40 as on other days.

On the Chatham division the 8:15 train has been made daily and will return in the evening at 6:25 instead of 6:15. The 5:50 p. m. train will leave at 5:55.

As a whole the schedule is the same as that used last summer and should not cause much inconvenience to the traveling public.

### FATAL SCALDING ACCIDENT

Little Son of W. B. Warren of Halifax Falls Into Tub of Hot Water

Brattleboro, June 17.—Details were received here today concerning a fatal scalding accident which happened in Halifax Monday evening. Some children of William B. Warren son of the late Gilman Warren of Brattleboro, were preparing to take a bath and had a tub of hot water on the kitchen floor. The youngest child in the family, Clarence Webster Warren, two years old, was drawing a wheeled toy on the floor, walking backwards. He went against the tub and fell backwards into the water and his body was immersed with the exception of the face, chest and lower limbs.

The skin fell off in patches when the clothing was removed.

The child was one of five children and the mother died suddenly three months ago.

(Continued from first page.)

dy hearing thereafter should be granted.

As the prosperity of the country rests peculiarly upon the condition of agriculture the party has brought the resources of the national government to the aid of the farmer in the extension of the rural free delivery system.

The party has been for more than 50 years the friend of the American negro and again demands equal rights for all men without regard to color.

The forestry movement and that to reclaim lands are endorsed.

While seeking trouble with no foreign country the party believes in maintaining an army and navy large enough to enable the country to at all times take its part in promoting permanent tranquility among the nations.

The protection of American citizens abroad is commended as is also the extension of foreign commerce. Legislation to revive the American shipping is advised.

The platform declares for a liberal administration of all pension laws and commends the increase of widows' pensions made by the present congress.

The belief in the wisdom of the civil service laws is re-affirmed and a declaration made for their continued enforcement.

The past policy in Cuba is endorsed and the admission of the inhabitants of Porto Rico as citizens advised.

The admission of New Mexico and Arizona as separate states is favored.

Attention is called to the incapacity of the Democratic party to put in force any of the reforms advised in the platform.

About 8000 officers and men of the marine corps are now on their way to the Isthmus which with those now there and those to be sent on the New Hampshire and Idaho will total about 1250 officers and men.
